Summary of Information.

P: QTS-7

SG1A

 is not involved in narcotics smuggling however, at least one of its boats is involved in surface transfers from larger vessels. ~~which effectively~~ This allows for an effective bypass of customs.

Associated with their method of operating was the image of a tugboat pulling/trawling something underwater.

SG1A

The owner of  is not involved, impression that a vessel manager is. He appears to have been involved with more than one of the companies' vessels.

Possible vessel name or call sign "Krinline"/"Crinoine"/"Karine"/"Caroline"

SG1A

An  vessel which is/has been involved in smuggling transfers is currently located at the dock in the berth shown. Could not be determined whether contraband is currently on board. However, this vessel is a player!

S4 1/2. Idea of an import-export business - however have/own
their own ocean-going vessel. even though they
are not a transportation/shipping industry perse.

54 1/2 Company deeply involved in exchanges/bartering.
Where numerous deals are made and goods
transferred/exchanged but feeling that company
does not handle items themselves just does
all the dealing/arranging.
